

The championship has been decided

Target:

Get to know:

- *Regression Model.*
- *Difference between supervised & unsupervised Machine Learning.*
- *How to train the Model With Gradient Descent.*

Resources:

- [*Supervised Machine Learning*](#)

Problems:

Problem 1 → Watch the videos in each Folder representatively and then take your Notes.

Problem 2 → study well Notebooks in labs folder and be sure to run each cell.

#C1_W1_Lab02_Model_Representation_Soln.ipynb

#C1_W1_Lab03_Cost_function_Soln.ipynb

#C1_W1_Lab04_Gradient_Descent_Soln.ipynb

Evaluation:

Your Notes → 10 points

Deadline:

3 Days # Friday – August 18 at 11:59 PM
